Speak Up 2013 Survey- complete the survey and help your child's classroom win a popcorn party!

The Speak Up 2013 Survey is open. We are asking students, staff and parents to participate in Speak Up and share your ideas about technology in schools to promote better learning. Thanks to the responses we received from you, we were able to put over 700 iPads and 1300 Mac Book Air devices into the hands of our students. Look for this logo on

your school website to participate in the survey. You can also click on the logo and begin the survey.

The class in each school with the most students participating in the 2013 Speak Up 2013 Survey will win a popcorn party in December with a group photo featured on Facebook and in the next district newsletter.

American Education Week

American Education Week—November 18-22, 2013. This week presents all Americans with a wonderful opportunity to celebrate public education and honor individuals who are making a difference in ensuring that every child receives a quality education.

As we celebrate education in Howard-Suamico, your actions and attitudes are proof positive that education is a powerful force. The student's world is changed through learning. It is not limited, however, to a few subjects or simply "knowing" material. It transcends a grade on a paper, an answer on a quiz or a letter on a report card. When knowledge influences a student to think deeply about whom they are - and their personal responsibility as part of a larger community - we all benefit. When education does this, it becomes a catalyst for positive transformation.

The world is changed through people who understand life and contribute their knowledge to making it a better place. On behalf of the 5,857 students, and their families, the Howard-Suamico School District thanks you. Join us in celebrating the people who are committed to providing a great educational experience for every child!

Superintendent
