PRINT NEWSLETTER**A Message from the Principal,**

Sailor Families,

Well, I feel like you have heard from me a lot lately. I am usually hyper aware of what and how much I communicate so that my words don't become expected and go unnoticed. I am asking that as the days and weeks pass that you continue to read each message as though it was the first. As a school (and District) we will continue to communicate with you via school messenger for those very important updates. This will be our last "newsletter" until we are back in session. Hang tight and ride this out. Who knows what the next weeks bring us...take one day at a time and appreciate the little things and remember, "learning is everywhere".

Though we are "closed", we are virtually open. PLEASE contact us for anything you need:

- Sally Scheffen (Secretary) 920-662-8802, sallsche@hssdschools.org
- Holly Engum (Secretary) 920-662-8803, hollengu@hssdschools.org
- Tony Ebeling (Principal) 920-662-8898, anthebel@hssdschools.org
- Becky Wright (School Counselor) 920-662-8805, rebewrig@hssdschools.org
- Rachel Miller (School Social Worker) 920-662-8807, rachmill@hssdschools.org

As I stated before, our teachers are ready to provide the best digital learning experience around! If for any reason you have questions or need assistance, the teachers are still working (after spring break) and are ready to assist and interact with our learners. Though there was excitement in the air yesterday as they worked to further create these innovative learning experiences, there was heartbreak and tears. We didn't go into this calling to be away from kids and to work with them digitally. What makes educators so great is the passion they have and the connections they make with each child's heart.

I would like to end by asking these questions (don't google them):

1. Who won the 2007 NFL Super Bowl?
2. Who won the last three Nobel Peace prize awards?
3. Who was last year's winner of the Indy 500?
4. Which actress won "best actress" in last year's Golden Globes?
5. Which famous singer has the most "gold records"?

These questions were not easy were they? Though unbelievable accomplishments and very important people, these things come and go and seem important at the time but aren't in the long run.

Let me ask you these questions....

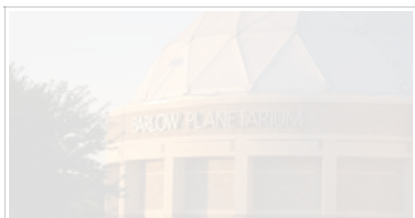

1. Who is somebody who has impacted your life positively?
2. Who is a friend that you could go to in a time of difficulty?
3. Who was your favorite teacher?
4. Who was your favorite coach/mentor?
5. Who told you some words of wisdom that you will never forget?

Now, I bet these questions were a lot easier to answer. The reason for that is that these people impacted you personally and you had a relationship with them. These people made a difference in your life! There is no question that we will have challenges ahead of us and that this is a time that we will never forget. How do you want your kids to remember this time in their lives? I want them to see this as a hurdle and not a roadblock. I want them to reference all the good people that stepped up. I want them to remember the time spent together and the memories created by being together. So often I have written that "we live in such a busy world". We all feel that! This is a time in our lives where we are being told, "You aren't allowed to be busy!" We are being given the gift of time. Take it and go with it.

Until next time, stay safe and take care, Bay Harbor Sailor families!

Tony Ebeling, Principal

From your School Board

HSSD Graduate Profile: Responsible **March 2020**

First and foremost, we want to assure you that the Howard-Suamico School District is taking measures to respond to the COVID-19 pandemic. For the most current updates as to how this health crisis is being addressed, please visit our website at www.hssdschools.org/covid19. Even in the midst of this all, the Howard-Suamico School District's vision is to create an authentic, innovative, connected, and inspired experience for an ever-changing future.

Throughout the year, the Board of Education monitors student performance in HSSD Graduate Profile seven characteristics. At the January 27, 2020 Board meeting, we discussed the characteristic *responsible* and progress being made to develop our students as responsible people who act with empathy and take ownership of the outcomes of their choices. Students have many opportunities to practice being responsible in their classes, as well as in extra-curricular activities both in and out of school. Students learn to be responsible for themselves by understanding and applying digital etiquette and ethics, by taking initiative to find, use and care for personal materials, and by using tools and strategies to be successful. Students also practice managing time wisely to meet deadlines and fulfill obligations. Students learn to be responsible for their community by taking initiative to find, use and care for community materials, and by understanding, recognizing, and engaging in service to meet the needs of others. We talked with teachers and students from multiple grade levels about their experiences learning and growing to be responsible. HSSD students create personal goals that can be measured, and they develop and implement action steps to work towards those goals.

Seeing our students intentionally developing HSSD Graduate Profile characteristics is exciting and rewarding because we know they are being prepared to thrive in our complex and rapidly changing world. For more information about the Howard-Suamico School District, please visit our website at www.hssdschools.org, or for additional information regarding this article, contact school board member Jeff Eilers at jeffeile@hssdschools.org
