## "School Kidz" School Supply Kits

**Look for the ORDER FORMS which will be going home TODAY!  
 New this year - you can order on line at the Schoolkidz website if you prefer to pay by credit or debit card.**

Inside each kit you will find all of the supplies that are on the Bay Harbor School Supply list. Parents that have purchased these kits over the past years always look forward to purchasing them again for the ease and convenience. They come in a nice box that you can use to store important papers and art projects that come home with your child during the year. **Order forms are due back to school by May 30th.** Make checks payable to Bay Harbor.

## Penny Wars - All Next Week - May 8th - 12th!

Next week is Bay Harbor's Annual Penny Wars! Students can bring in pennies to put in their grade level bucket. All **pennies count as positive points**. You can also bring in silver coins or dollar bills and put those in the buckets of other grade levels as those **count as negative points**. The grade level that has the most positive points will earn an ice-cream party! The money earned from Penny Wars will be used to send all students to Saga Gymnastics for an end of the year incentive. Thank you!

## Attention all Bay Harbor families!

### Join Us at Figaro's Pizza - May 15th - 4:00-7:00 pm

Dear Bay Harbor Families,

Mrs. VanEnkevort and Mrs. Kalishek's classes are involved in a project based learning experience and have partnered with Figaro's Pizza. We are doing a pizza project and need your help! We would appreciate if you could, **on May 15th, go to Figaro's Pizza in Suamico from 4:00 PM to 7:00 PM to taste test our final four pizza creations.** They are the *Grand Slam*, *Spicy Nacho*, *Sweet and Sour Chicken*, and *Philly Cheese Steak*. The winning pizza will be sold the whole summer or longer if it is very popular. The voting is the whole week of May 15. Enjoy a slice of pizza, a drink and a cookie for only \$5! Part of the profits will come back to Bay Harbor for renovating our library and other learning rooms!

While we were doing this project we learned about the scientific method, plus we researched, and used all the 21st century skills. We also learned about marketing and are using that to market our pizza's, write persuasive letters, and used many 21st Century skills like collaboration, creativity, and getting involved with the community. We love this project and all we have learned so far!

Sincerely,  
Jessica, Ana, and Charlotte
