

Presented by Schreiber Foods and
Wisconsin Public Service

Please join us for a day of hands-on
science fun!

Saturday, January 12, 2013
Shopko Hall, Green Bay, WI
9 a.m. – 4 p.m.

The Einstein Project Science Expo features science fun all day long including great acts on the **OMNOVA Main Stage**, exhibits with activities, displays of student science fair projects and lots of other surprises that could include anything from robots to exploding volcanoes!

Students, show us your best
experiment in the
Ameriprise Science Fair!

Students in grades 1- 8 are eligible to enter the Ameriprise Science Fair with medals provided by Eka Chemicals (grades 6-8 can be judged for a chance to win a scholarship to **Michigan Tech's Mind Trekkers Summer Youth Program!**)

Entry deadline is December 31, 2012.

Applications are available in September at www.einsteinproject.org. All projects will be on display and judged during The Einstein Project Science Expo on January 12, 2013.

For more information please call 920.884.8800 or visit
