

Thank you!

For more than 30 years, Family Video has been providing entertainment to families in your community and 2015 is no exception.

It is our pleasure to support you and your efforts to educate our young people. For each "A" earned by one of your students in a core subject, Family Video will give away a FREE MOVIE or GAME rental (limit of 5). Last year we gave away over \$2 million dollars in FREE movie and game rentals.

The program runs June 15th to July 15th and is open to students in Kindergarten through college at any Family Video location.

We have provided you with a flyer, explaining this program to your students. Please distribute these to your achieving students.

To show our appreciation to the work you do, one more offer is available May 5th. To celebrate National Teacher Day, please come in for a free movie rental!

Have a great summer!
