

# What is Tag (Flag) Rugby?

Tag rugby is a safe, fun and exciting form of non-contact rugby, suitable for both boys and girls.

Instead of a physical tackle, tackles are completed by removing velcro tags from the ball carrier. Unlike Flag Football there is constant action and anyone can pass and run with the ball.

The non-contact nature of the game, combined with the fun of the sport, means children will enjoy tag rugby while developing skills such as; passing, evading, ball handling and also have a fantastic opportunity to be part of a team.

Tag rugby can be played by experienced and inexperienced players alike, with the added benefit of the social and excellent sportsmanship all mixed in.

## Give Green Bay Youth Rugby a Try!

---
