

MOVE **2013**

EVERLASTING

International

Help us reach our goal of \$45,000 to dig a well with six access points.

Everlasting Joy International is working in an impoverished village in rural Ethiopia where all of the families are drinking filthy unsafe water. Mostly women and children from the village will walk one to two miles, sometimes more, to the nearest water ponds, pools, or Lake Hawassa to gather water that is dirty and filled with diseases. We are hoping to improve the lives of those living in Dolma and provide over 24,000 people the benefits of clean water.

2 or 4 MILE WALK NON-COMPETITIVE

- \$25 Registration Fee
- To benefit Everlasting Joy Internationals efforts

SATURDAY NOVEMBER 9, 2013

8 AM Registration and informational gathering
