

The Report Card "A" Program is Back

at **familyVideo**

## Each Report Card A = Free Rental!

For each final "A" (or equivalent mark) earned by students in core courses from kindergarten through college, Family Video will reward them with a **FREE Movie or Game Rental!** Core courses include all math, language, reading, history, geography, science, and spelling classes.

### Here's how it works:

- Students, bring your final report card (paper or electronic) to your favorite Family Video store.
- You'll receive a voucher that entitles you to Free Movie or Game Rentals for each final grade of "A" (or equivalent) in a core subject.
- You can redeem the voucher for any New Release movie with a 'split' sticker on it and ALL video games!
- The Free Rental is good anytime before June 30.

"Report Card 'A'" is a 30-year tradition at Family Video, and is not affiliated with a particular school or school district. We're proud to reward the academic excellence of students in all our communities.
