

R.E.A.D (Read Each and Every Day) Initiative

We are excited to continue our READ initiative at Bay Harbor Elementary School. This year, READ stands for “Read Each and Every Day”. Our teachers will work closely with your child to help them to understand the importance of reading each day. READ calendars will be sent home each month so that students can record their READ minutes each night. Students meeting their grade-level goal and turning in their completed calendar will receive an incentive each month. You can keep track in September, but our official READ kickoff will not occur until late September. By the way, our students at BH Elementary read over 1,500,000 minutes last year! Since our school goal was 1,500,00 minutes, we are very excited about the dedication our students made to this program. Reading is the most important skill that children can have in order to assure their academic success. Thank you, as always, for supporting our reading goal!
