

Speak Up 2014 launches next Monday. We need you!

Surveys are open for input October 6 – December 19, 2014 at:

www.speakup4schools.org/speakup2014.

The feedback we receive from students, parents, and staff who participated in the Speak Up Surveys for the past two years have helped the District Digital Learning Transformation. Join the conversation about the use of technology for learning through Speak Up, a National Research Project.

Student Survey password: hssdspeakup

The survey password is what students will use to take the survey. Students are the only participants required to enter in a survey password to take the survey. Students and parents can access the survey through your school name, which can be looked up by state and part of the school name or by zip code.

The Speak Up National Research project annually polls K-12 students, parents and educators about the role of technology for learning in and out of school and represents the largest collection of authentic, unfiltered stakeholder voice on digital learning. Since 2003, over 3.4 million K-12 students, parents, teachers, librarians, principals, technology leaders and district administrators have shared their views and ideas through Speak Up. Data findings are shared each year with federal, state and local policymakers to inform education programs, policies and funding.

Surveys are open for input October 6th – December 19th, 2014 at:

www.speakup4schools.org/speakup2014.
